TOTAL LANGUAGES:

There are estimated 6,909 Languages worldwide.

Mandarin Chinese 12.44%, Spanish 4.85%, English 4.83%, (first language speakers)

Of the world's approximately 6,900 languages, 4,765 have at least one of the following: Bible portions, the Jesus Film, Christian radio, or Gospel recordings. Total speakers of these languages is 6.2 billion which represents over 95% of the world's population. 2,135 languages have none of these resources available, with about 195,000,000 speakers.

WHAT CHRISTIANS EARN:

Annual Income of all Church Members: \$42 trillion. [1]

- (Annual income of Evangelical Christians is approximately \$7 trillion.)

WHAT PEOPLE GIVE:

Given to any Christian causes: \$700 billion. [1]

Until recently, Americans gave less money to reach the unreached than they spent buying Halloween costumes...for their pets.

- That's also how much we spend in America on Christmas.

Given to Missions: \$45 billion

- That's only 6.4% of the money given to Christian causes of any kind (2015). [1] *5.6% reported in 2010, GAC [2]
- That's also how much we spend in America on dieting programs.

- Embezzled: If you are doing the math and realize there is \$50 billion missing, this is where it went. [1]

HOW CHRISTIAN GIVING IS USED.

Pastoral ministries of local churches (mostly in Christian nations): \$677 billion (96.8%) [2]

"Home Missions" in same Christian nations: \$20.3 billion (2.9%) [2]

Going to Unevangelized Non-Christian world: \$2.1 billion (.3%) [2] **This is different than "Unreached"*

Money that goes toward Unreached Peoples: *Estimated \$450 million [3]

- [3] **In 2001 only 1% of giving to "Missions" went to unreached - if that trend holds true today it would be \$450 million.*
- *The \$450 million going toward UPG's is only .001% of the \$42 trillion Income of Christians. For every \$100,000 that Christians make, they give \$1 to the unreached.*

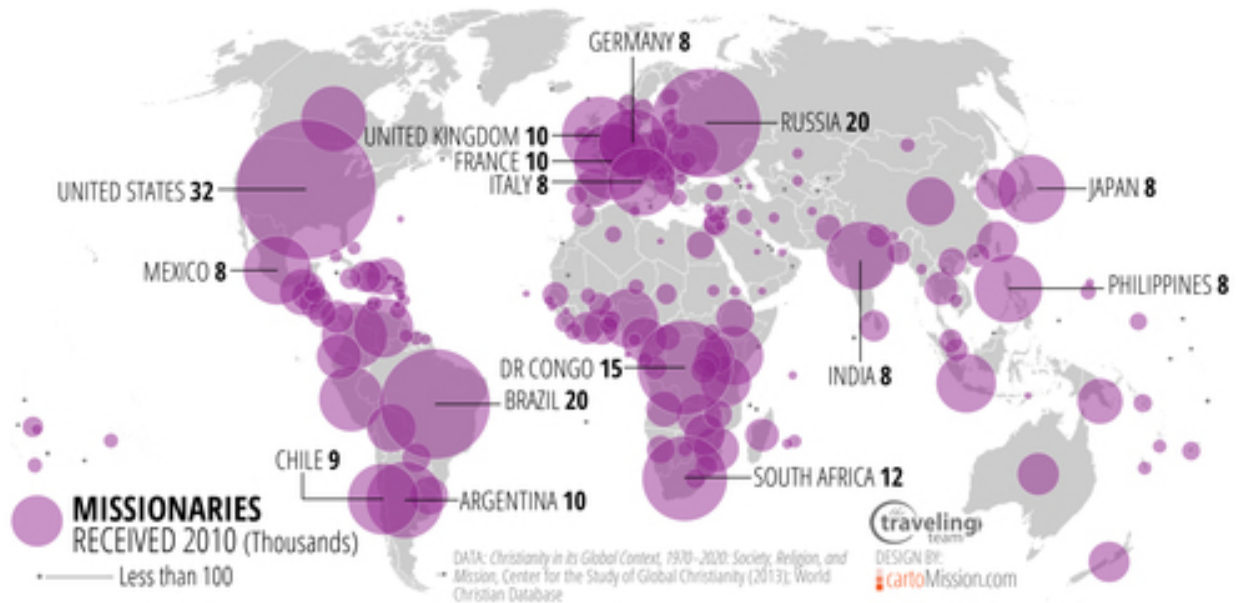

HYPOTHETICAL OBSERVATIONS

Evangelical Christians could provide all of the funds needed to plant a church in each of the 6,900 unreached people groups with only 0.03% of their income.

The Church has roughly 3,000 times the financial resources and 9,000 times the manpower needed to finish the Great Commission.

If every evangelical gave 10% of their income to missions we could easily support 2 million new missionaries.

ALL MISSIONARIES

- **All Missionaries in the World** (Catholic, Protestant, etc.): 400,000 foreign missionaries [1]
- Missionaries in the **Reached World** : 309,315 foreign missionaries (77.3%) [2]

- Christian workers in the **Reached World** : 4.19 million local workers (75.9%)
- Christian workers in the **Unevangelized** : 1.3 million local workers (23.7%)
- Christian workers in the **Unreached** : 20,500 local workers (0.37%)

MISSIONARIES PER RELIGION:

MORE TTT OBSERVATIONS

- The ratio of UPG workers the total unreached world is: 1 missionary for every 216,300 people.
- There are 78,000 Evangelical Christians for every one unreached people group.
- Young people have traditionally led the way in going and there are roughly 21 million university students (2014).

CONCLUSION

Is God to blame for not "Calling" People to Missions?

If everyone is obeying God's "calling" to be a missionary wherever they are then God is calling 99.9995% of people to work among the 44.3% of the world population that already has the gospel, and calling virtually no one (.0005%) to relocate among the other 53.7% of the world population that are not Christian. You have a better chance of being in a plane crash than being one of the few

missionaries to the unreached out of the total 2 billion Christians in the world.

In light of God's word, this seems unfathomable and it appears to be almost complete disobedience on the part of the Church worldwide to go make disciples of all the nations. Financially we are hoarding 99.99% of our income to ourselves and what little is given is mostly directed toward reached people groups.

The current status quo is to do virtually nothing to reach the UPG's of the world. The percentages of man-power and money focused on UPG's are almost undetectable they are so small. The amount of resources that fall off the Christian table for unreached peoples is more comparable (I Googled it...) with the number of skin cells you lose over a month's time: something hardly worth calling a sacrifice of the body.
