

**Prophet** – One who speaks on Gods behalf, something that only God would know about secret or future events.

**Prophecy** – a proclamation, a fore telling of things to come. A Divine promise revealing good or bad predictions. Often meant as a warning.

2,500 prophecies in the Bible. 2,000 have been fulfilled. 500 about our future, not yet fulfilled. The odds for all these prophecies having been fulfilled by chance without error is less than one in  $10^{2000}$  (that is 1 with 2,000 zeros written after it)! More than 100 billion, or 100 trillion!

**Past** prophecy in the Bible –

1. Christ birth, death, resurrection

Daniel prophesied that the messiah / Christ would be born and be killed. Micah prophesied that he would be born in Bethlehem. Isaiah prophesied about his whipping, Zechariah said he would be sold for the price of a slave, several prophets said he would be crucified 400 years before this practice was invented. The spear in his side, the humiliating torture, and his friends abandoning him were all predicted.

2. Nation of Israel – Moses and Jerimiah prophesied about the fall of the nation and its rebirth 3,500 years in advance.

3. The future of Israel – 500 prophecies will come to pass.

Rapture, mark of beast, judgement, tribulation, anti-Christ, Temple

Given that the Bible proves so reliable a document, there is every reason to expect that the remaining 500 prophecies, those slated for the "time of the end," also will be fulfilled to the last letter. Who can afford to ignore these coming events?

# How does this affect us today?

1. Urgency... (get ready, get others ready)

No man knows the day, work while we have day, for the night is coming, we will be caught unaware, one taken, one left,

2. Conviction... (personally convinced, not able to be swayed by arguments)

Be ready always to give an account, see the signs, warn the idle!

3. Prioritize our life, relationships, possessions, set your house in order!

## Modern Prophetic quotes:

Johnathon Cahn said abortion, gay rights and the perceived retreat of religion in the public square were all troubling signs that America, like ancient Israel, had lost its way.

Franklin Graham - We certainly love the Muslim people. But that is not the faith of this country. And that is not the religion that built this nation. The people of the Christian faith and the Jewish faith are the ones who built America, and it is not Islam.

David Wilkerson 1986 - "I see a plague coming on the world, and the bars, churches and government will be shut down. The plague will hit New York City and shake it like it has never been shaken. The plague is going to force prayerless believers into radical prayer and into their Bibles, and repentance will be the cry from the man of God in the pulpit. And out of it will come a third Great Awakening that will sweep America and the world."
